## Summary

Highly motivated and entry-level professional with a foundational understanding of core computing principles, system design, and product development methodologies. Equipped with strong problem-solving skills, I am eager to apply scientific methods to analyze complex problems and contribute to the creation and maintenance of reliable technical solutions. My commitment is to continuous learning and producing accurate results within a collaborative team environment, seeking to leverage my foundational knowledge in a challenging, growth-oriented role.

---

## Experience

### Research Intern

*Cochin University of Science and Technology • Kochi, Kerala. [12/2023-06/2024]*

Served as Research Intern at Cochin University, where I developed skills in machine learning and deeplearning. Involved in projects emphasizing privacy-preserving techniques and adversarial attack strategies, while utilizing data analysis to support research objectives

---

## Skills

- Time Management, Detail Oriented , Problem Solving.
  - **Technical skills:** Python, Machine Learning, SQL, MongoDB, Linux, C, C++, HTML, CSS, JavaScript.
  - Tools: Adobe Creative Suite, Figma, MS Office Suite, VS Code.
- 

## Education

### Masters in Computer Applications

*Dr.G.R.Damodaran College of Science • April, 2024 • Coimbatore*

### Bachelors of Computer Applications

*Nirmala College for Women • May, 2022 • Coimbatore*

---

## Projects

---

### ECOMMERCE WEBSITE

Developed and designed an ecommerce platform for showcasing women's clothing & accessories. Implemented robust features for secure user authentication and streamlined payment gateway integration, enhancing overall user trust and transaction efficiency.

### MODERNIST FINE DINING APP

Designed and delivered the complete, end-to-end mobile experience for a high-end restaurant. I mapped the entire ordering flow (Menu→Payment→Confirmation) and built a fully functional prototype in Figma. Key features include the Chef Spotlight Page and Curated Pairings to drive engagement, that reinforces the "Modernist Culinary Lab" concept.

---

## Certificates

- Proficiency Award - C programming [2019].
- Quiz Certifications on TechIntellect & Microsoft Azure.
